## GROCERY BURNED.

PADUCAH MAN HAS A STREAK OF BAD LUCK.

The grocery of E. R. Havrick at Fourteenth and Trimble streets was almost destroyed by fire last night. A lighted lamp was left in the store when it was closed about 8:30 and it is supposed exploded. A motorman in passing the store about 10 o'clock saw the building full of smoke and sent in an alarm. The fire department extinguished the blaze as soon as possible, but the damage will amount to about \$400, it is thought. The building, which was not burned much, belongs to Mr. Dick Holland of Trimble street. Mr. Havrick's restaurant on Second street burned a few months ago, and he then went into the grocery business.

The gentleman's bad luck yesterday was still worse than losing his grocery, as he received news from Vienna, Ill., of the death of his sister, Miss Olive Havrick, of consumption.

## DANGEROUS PRACTICE.

MANY OBSTRUCTIONS ENDANGER FIRE DEPARTMENT.

Last night a representative of The Sun rode on the hook and ladder truck in answer to an alarm about 10 o'clock. Owing to a mix-up in the boxes the ladder truck went to Mechanicsburg instead of Fourteenth and Trimble, from where the alarm was sent in. In making the run several accidents were narrowly escaped. On Sixth street a large pile of brick had been stacked in the street several feet from the gutter, and without a warning light. The driver had nearly run into the brick before they were seen. Another danger comes from persons leaving teams and buggies standing loose in the street. The horses become frightened and dash out in front of the truck. The firemen have often kicked about lumber, brick and other material being stacked in the street without any light and will hereafter prosecute any contractor violating the city ordinances in failing to put out warning lights.

## Y. M. C. A. NOTES.

BASEBALL CLUBS NOW BECOMING OF INTEREST.

This afternoon the members of the association ball team will meet for practice. This sport bids fair to prove the most popular in the association and already several junior teams have been organized in the association. Saturday a week the junior association team will meet the team of Master Clay Kidd and an interesting contest is assured.

The tennis court will be used this week. The court has not yet been completed but will be used and padded down in order to get it in shape for the formal opening.

The ladies' committee met last night and decided to have a "cake sale" on the Saturday preceding Easter Sunday. This will be something new and the ladies hope to be able to clear quite a neat sum out of the affair. Cakes, eggs and all other Easter novelties will be sold.

## KENTUCKY PROSPECTS.

Washington, April 1.—"Republican prospects in Kentucky have been greatly improved on account of dissensions in the Democratic ranks," said Internal Revenue Commissioner John W. Yerkes, "and the Republicans ought to be able to elect a governor and state ticket next fall. I do not know who our candidate will be, for the situation has not developed sufficiently to determine that. Thus far there is but one man who is looked upon as an avowed aspirant, and that is Attorney General Pratt, but even he has not announced himself a candidate. The name of Augustus E. Willson of Louisville is also mentioned, but he will not be a candidate, for he intends to devote himself to the practice of law."

Mr. Yerkes returned from his trip last night. After leaving Kentucky he went to Asheville, N. C., where he spent a couple of days. Discussing politics from a national viewpoint the commissioner said: "Kentucky will be for President Roosevelt at the next Republican convention. I regard his nomination and election as a foregone conclusion."

## THE MAINE WRECK.

CUBA WILL RAISE IT AND SOLVE THE MYSTERY.

Washington, April 1.—The navy department has been notified that the wreck of the battleship Maine is to be raised in Havana harbor, thus making possible a final solution of the mystery surrounding the manner in which the vessel was blown up. The wreck is to be raised by Cuba, at her own expense and bids for the work have been asked.

Ever since the conclusion of the Spanish war the navy department has been besieged with requests for contracts for the privilege of raising the famous wreck. The department has invariably replied that there was no fund for this work and that, at any rate, Cuba's consent to the raising of the wreck would be necessary before the work would be undertaken.

There is still much curiosity and difference of opinion as to whether the Maine was destroyed by some outside power, or, as the Spanish claim, by spontaneous combustion in her magazines. The question will probably be settled finally when the wreck is raised.

## BROOKPORT NEWS.

Mrs. Belle Mason is visiting in Paducah.

Brookport's bank begins business in the Smith brick on April 2.

Mrs. Anna Hall of Paducah spent last week with friends in the city.

Mrs. Ed Whalin and children are visiting relatives in Paducah this week.

Mr. Chas. E. Cardwell of Sturgis, Ky., who has been spending some days in the city, returned home Monday.

The Brookport Masonic lodge was called to the country today to conduct the funeral of Mr. John Lamar, an aged citizen living near the city.

Mrs. J. D. Whalin, whose husband was killed about a year ago on the railroad here, has sold her property in the city, and removed her household goods to East St. Louis Monday.

Our schools closed Monday and very pretty exercises were conducted by the teachers and pupils at the Christian church Monday evening. After the exercises each teacher was presented with a handsome present by the pupils of their respective grades. The presents were a surprise planned by the pupils themselves. The principal, Prof. A. L. Whittenberg, has had charge of our school three years, and that his efforts and also those of the lower grades are appreciated was apparent by the large audience and beautiful presents.

## LOW RATES WEST AND NORTHWEST.

## Hard

Work Caused Nervous Prostration,  
Heart Trouble and Great Suffering.

Dr. Miles' Heart Cure and Nerve Cured Me.

Where the symptoms of heart disease and weakness are present together with those of nervous trouble, much benefit may be derived from the use of both Nerve and Heart Cure. The Nerve Cure quickens the blood, brings sweet sleep, it brings the needed nourishment to the nervous system, restores nerve-force, vitality and energy. The action of the Heart Cure is equally beneficial. It aids the good work of Nerve by enriching the blood, improving the circulation and by its tonic action steadying and restoring the heart beats or pulse to their normal activity.

"Some years ago while I was connected with the Western Nebraska Conference as Presiding Elder, I was so overworked that I became greatly run down in health and suffered for two years with serious nervous prostration and heart trouble. At first I had spells of heart palpitation and smothering, and later there was a great deal of pain in the region of the heart and a feeling of oppression in the chest. During all this time I was very nervous, irritable and unable to sleep. Being advised to try Dr. Miles' Nerve and Heart Cure and Pain Pills, they proved exceeding beneficial to me, affording complete and permanent cure. Since then my remedies have frequently been used by myself and family and always with the best results."—REV. C. H. POLHEMUS, U. S. Church, Washington, D. C.

## A Good Beginning

If the blood is in good condition at the beginning of the warm season, you are prepared to resist disease and are not apt to be troubled with boils, pimples, blackheads and blotches, or the itching and burning skin eruptions that make one's life a veritable torment and misery.

Now is the time to begin the work of cleansing and building up the blood and strengthening the weak places in your constitution. During the cold winter months we are compelled to live indoors and breathe the impure air of badly ventilated rooms and offices. We over-work and over-eat, and get too little out-door exercise, and our systems become clogged with impurities and the blood a hot-bed of germs and humors of every kind, and warm weather is sure to bring a reaction, and the poisonous matter in the blood and system will break out in boils and pustules or scaly eruptions and red, disfiguring bumps and pimples. Make a good beginning this season by taking a course of S. S. S. in time; it will not only purify your blood and destroy the germs and poisons, but promote healthy action of the Liver and Kidneys and give you a good appetite at a time when you need it most.

S. S. S. improves the digestion and tones up the Stomach, and you are not continually haunted by the fear of indigestion every time you eat, or troubled with dizziness, nervousness and sleeplessness. There is no reason to dread the coming of warm weather if you have your system well fortified and the blood in a normal, healthy condition. It is the polluted, sluggish blood that invites disease germs, microbes and poisons of every kind and bring on a long train of spring and summer ailments, break down the constitution, and produce weakness, lassitude, and other debilitating disorders. Eczema, Acne, Nettle-rash, Poison Oak and Ivy, and other irritating skin troubles are sure to make their appearance unless the humors and poisons are antidoted and the thin, acid blood made rich and strong before the coming of warm weather.

A course of S. S. S. now would be a safe precaution and a good beginning and enable you to pass in comfort through the hot, sultry months and escape the diseases common to spring and summer. S. S. S. is guaranteed purely vegetable and is recognized as the best blood purifier and the most invigorating and pleasant of all tonics. Write for our book on "The Blood and Its Diseases."

## Low Colonist Rates to the Northwest and California

From February 15th until April 30th, the Burlington makes greatly reduced one-way rates for settlers going to California, Montana, Big Horn Basin, Idaho, Washington, Oregon, Puget Sound Country and British Columbia. Generally speaking the reduction is from 25 to 40 percent.

## The Way To Go

Take the Burlington trains at St. Louis, Kansas City, St. Joseph, Omaha, Denver or Chicago. With its close connections, the Great Northern and Northern Pacific roads, and with its through train service the Burlington offers more to the settler than any other line or combination of lines into the Northwest.

The "Burlington-Northern Pacific Express" is the great daily train with through chair cars, coaches and through tourist sleepers. This is the only through train into the Northwest jointly with the Northern Pacific Road.

## To California

Join the Burlington's personally conducted California excursions in through tourist sleepers which are run on frequent dates each week via Denver, Scenic Colorado and Salt Lake City.

## Main Traveled Road

One makes no mistake in calling for tickets over the Burlington with its 5000 miles of main traveled trunk lines leading practically to all the great cities and diverging points of the West.

Describe to us your proposed trip and let us advise you the least cost and send you free reading matter.
